TECHNICAL DETAILS

Built-in Emergency Eye/Face wash and Shower Unit

Combined Eye wash and Body showers are designed and intended to be installed in close range of persons working in a potentially hazardous area. The main purpose of these devices is to immediately deliver a flushing fluid in a sufficient volume to extinguish flames and/or to flush the body following exposure to injurious substances or heat. With this accomplished the injured person can proceed to medical care.

Emergency Shower : Pull Rod operated

Eye/Face Wash : Push Handle Operated

Sprays water from showerhead. Rinses eyes and face with clean water via twin spray nozzles.
