safeCAN® 1L Bench Can | Safety Swab Can for Cleaning

Article Number: 22050001 22050003 22050007 22050009

safeCAN® 1 Litre Safety Wetting Can for moistening cleaning cloths with flammable liquids. Features a flame-arrester and spring-loaded lid for maximum industrial safety.

Standards

TSEK

K 207

TECHNICAL DETAILS

Bench cans provide ease when working with solvents such as thinner. By pressing the upper plate, liquid can be taken at the desired amount, and when it is released, the plate returns to its original position.

The hinged lid reduces evaporation losses to the minimum.

Stainless steel and galvanized options are available.

Can be produced in different sizes.
