

EUREKA 15-3 Winter Cut-Resistant Glove

The Eureka Safety 15-3 Winter Cut is a high-performance assembly glove designed to provide excellent cut resistance and comfort in cold environments. With its flexibility and durability, it is perfect for working in cold weather, and it features reflective print for enhanced visibility.

Standards & Cut Resistance:

- **EN 388:** 4X43D
- **ANSI Cut Resistance:** A4,D
- **EN 511:** X1X

Materials:

- **Main Materials:** Acrylic, HPPE (High-Performance Polyethylene), Steel, Nitrile composite

Coating:

- **Nitrile Coating:** The palm is nitrile-coated, making it ideal for use in oily environments and touchscreen compatible.

Additional Features:

- **Touchscreen Compatible:** The glove is compatible with touchscreen devices.
- **Thumb Reinforcement:** Extra reinforcement is added to the thumb area for improved durability.

Applications:

- Assembly work
- Tasks with cut risk
- Cold and oily working environments
