FYRAL® 9000 Fire Proximity Suit (Jacket & Pants)

Article Number: 13303900

Maximum Protection Against High Heat and Flames

The FYRAL® 9000 Fire Proximity Suit maximizes your safety in challenging fire conditions, protecting the entire body, including the head, hands, and feet, from the harmful effects of high heat, flames, and intense radiant heat. With its advanced design and high-quality materials, it is an excellent choice for professionals working in extreme environments.

- Advanced technology design compliant with (EU) 2016/425 Personal Protective Equipment (PPE) regulation.
- Certified according to EN 1486:2007 standard and bears the CE mark – a guarantee for your safety.
- Ergonomically designed to meet EN 13688 sizing standards.
- Reflective aluminum foil-coated outer layer offers superior protection against intense radiant heat.
