

ISTEXTIL® Protective Reinforcement Solutions For Welders

Protective Detachable Reinforcements For Welders

TECHNICAL DETAILS

- Designed to be used with FYRTEX® and METAL SPLASH GUARD 375 G1L® for extra protection.
- Produced from special aluminised fabric resistant to molten metal and radiant heat.

- Attached to the garment by FR velcros.
- If the aluminised reinforcements are damaged or punctured, only reinforcements can be replaced without the need of buying whole new garment.
- Reinforcements are detachable

Advantages;

- Prolongs the life of the garment
- Provides extra protection
- Economical
